

Accessibility Features Overview

Essential Education is committed to making learning accessible to all students. Our lessons are thoughtfully designed to support a wide range of learners, including those who may not have benefited from traditional classroom instruction. By incorporating accessibility-focused features and a student-centered approach, we strive to create an inclusive learning experience that meets the diverse needs of the broadest group of learners.

Instructional Design for Everyone

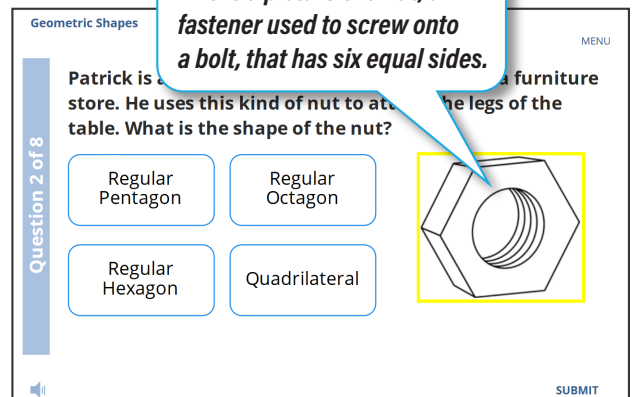

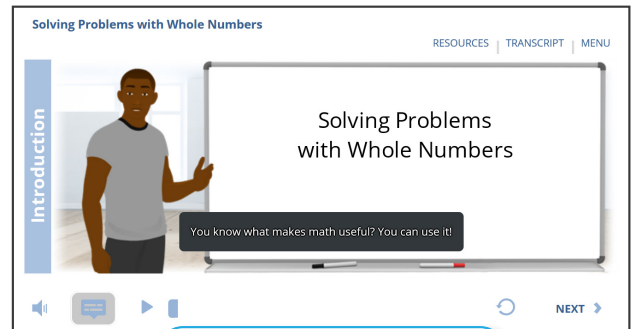

- Rich multi-media instructional design
- Audio and visual enforcement for learning
- Interactive learning at the student's pace

For the Hearing Impaired

- Animated visual reinforcement of all instruction
- Large reinforcing text of key audio points
- Transcripts of instructional audio
- Closed captioning of all audio
- Volume control

For the Visually or Physically Impaired

- Extensive audio explanation of instruction
- Fully keyboard navigable
- Screen-reader accessible with assistive technology reporting
- Additional screen-reader accessible elements and explanation on instructional slides with critical visual information
- User-friendly alternative text with content focus on selected items
- Seamless keyboard alternatives for mouse-dependent exercises
- No flashing or blinking elements

Essential Education programs comply with Web Content Accessibility Guidelines (WCAG) standards, Voluntary Product Accessibility Template (VPAT), Section 508 compliance, and other relevant regulations to ensure an inclusive and user-friendly experience for everyone.
